LABOR DAY PARADE

AN EXCEEDINGLY SUCCESSFUL EVENT

Horrible Weather Marred the Afternoon Proceedings.

A saying which has almost grown into an axiom during the past six months, is that as sure as Edmonton announces a sports day, just as positively certain will the weather be disagreeable. More disagreeable weather than yesterday's can scarcely be imagined. The cold winds that carried with them drifting showers of rain, chilled pleasure seekers and to a very great degree, interfered with the day's program. However, the Edmonton people, true to tradition, turned out by hundreds.

Before proceeding further, a slight explanation is necessary to those who are asking why the lacrosse and baseball clubs did not pull with the Trades and Labor Council in the celebration. The managing committee who had in charge the day's proceedings, objected to a certain Edmonton lacrosse player taking part in "the game." The reasons for this action were refused to discuss except to say that it was in reference to labor unionism. The lacrosse management resented this action, and were supported by the baseball team. The outcome of it was that neither the lacrosse or baseball match, which were looked forward to so eagerly, were played on the agricultural grounds, but were held as a sort of counter attraction on the old race track. It is to be sincerely regretted that this difference of opinion existed, for hundreds of people refused to go to the agricultural grounds as they would otherwise have done to assist the Trades and Labor Council in a splendid program which they had taken and great pains to prepare. Feeling ran high on the matter, and for the benefit of all concerned, the least said is the soonest mended.

The parade was to have commenced at nine a.m., but it was postponed until one p.m. Gradually the parade commenced to form in Jasper near the head of Namayo avenue, and at a quarter after one everything was in readiness. Clark's band; in their handsome costumes, led the procession and discoursed excellent music.

Following the band was a single rig, attractively decorated, containing Messrs. Lander and Johnston, of the Edmonton fire brigade. Then came the chemical fire engine, the "Old Reliable" manned by seven firemen. The hose wagon followed with eight men in attendance and this was again followed by the large fire engine, with Engineer Turgeon and two other firemen in charge. The hook and ladder company of twelve men, followed with their wagon. The foregoing part of the parade is deserving of the very highest praise. The firemen have happily exhibited the interest they take in their work, by the manner in which they turned out and at a cost of a great deal of time, handsomely decorated all the sections of their excellent parade. The engines were all decorated with ribbons and bunting and presented an artistic picture. The firemen had a particularly striking appearance in their new uniforms. Edmonton fire brigade is an organization of which the town may well be proud. Following the fire brigade were the St. Albert band, of about fourteen pieces. This band of Indian boys attracted a great deal of attention and their music was greatly enjoyed. An exceedingly cleverly constructed float by Messrs. May & Copp contractors, followed the band. This showed a brick veneer house in course of construction. Purcell and Company, contractors, followed with another excellent float exhibiting a partly constructed brick house. The brotherhood of Builders and Masons International Union, with a shanty banner, marched next in the parade. The lodge was represented by about forty men in their working clothes. The local branch of the cigar makers' union took the next place and they were in turn followed by the stone masons' float, with nine men at work, showing the different branches of the trade. A float, consisting of a thoroughly constructed frame house by Cushing Bros., led local union 1325 of the United Brotherhood of Carpenters and Joiners of America. This union marched seventy strong and made an imposing appearance. The painters' union, with an attractive banner, followed, taking a prominent part in the parade. The typographical union, headed by two of the members carrying the banner, followed in a rig specially supplied by the Great West Implement Company. A very attractive series of floats represented the Strathcona Brewing and

Malting Company. Three wagons were in this exhibit, carrying all the different manufactured drinks of the brewery, and these were distributed as the procession passed up Jasper avenue. Halliday & Aldridge's very attractive delivery rig followed next in the parade, after which came a float representing the Crystal Palace Clothing Emporium with the proprietor ardently engaged in fitting imaginary customers. The Edmonton Brewing and Malting Company's float was very attractive, being decorated with sheaves of barley. This float, although not as extensive as others in the parade, was a very interesting one. Two darkies from the Sunny South, or at least who were supposed to have been, with a very novel aquapage, followed next in the parade and afforded a great deal of amusement. The next float was that of the Downing Milling Company, Edmonton. This float was perhaps the most ingeniously constructed in the whole parade. The miniature mill revealed a great deal of careful construction and it being in active operation added much to the attractiveness of the display. This concluded a most attractive and highly successful Labor day parade.

The parade formed up on Jasper avenue between Namayo and Kinistone avenues, and marched up Jasper avenue to McDougall street, from McDougall to College avenue, thence up College to Third street, on Third street to Jasper avenue, along Jasper to Second street and thence down Second street to the exhibition grounds.

The attendance at the exhibition grounds was fairly large. Immediately after arriving at the grounds the assembly was addressed by Frank W. Crane, M.D., Strathcona, on Labor Unionism. The address was listened to with a great deal of interest. The doctor dwelt on strikes, their origin, and history. He discussed the principles of unionism, and spoke in a very interesting manner for a considerable time, dwelling largely on the merits of retribution. The conclusion of the address, however, prevented a part of his speech from being heard. After the speech the different races were pulled off, which concluded the day's program. A full report of the races will appear in a later issue. The day throughout was highly successful when we consider the very disagreeable weather and the parade was an especially creditable evidence of the energy of the different labor unions in Edmonton.

A COMPLAINT

Editor Bulletin:—I wish to complain through your columns of the unsatisfactory condition of a piece of the Fort trail between six and eight miles from Edmonton. Just past Goghlan's is a low, wet place, that needs brushing and grading, and between Allen's and Walker's places is a much worse place that at times is almost impassable. Near there also is a culvert with a deep hole on each side that should be fixed at once to save the culvert.

LACROSSE MATCH

Edmonton Defeats Leduc by Four Straights — Good Lacrosse.

Under the most adverse weather conditions which tended to keep the score down, Edmonton lacrosse club defeated the Leduc team by a score of four goals to none. The match drew several hundred people who braved the elements to see what they expected would be a stirring exhibition of Canada's national game. Nor were they disappointed. The game was intensely interesting, the great feature of it being the character of the play. Good lacrosse was played. There was no attempt at grand stand play and the combination work exhibited was very refreshing after the style in which many games were played here in the past. Chas. Mc. Donald acted as field captain for the Edmonton team and he kept his men well in hand. Leask in goal for Leduc played a star game and saved his team from a worse defeat. For Edmonton the combination work of Brady, Inglis and Watkins, on the home was delightful to see. Logan and Pearson at point broke up every Leduc rush. To mention those who played well would be to mention everyone. Edmonton have men who with a little coaching would make a creditable showing on any lacrosse field in Western Canada. Leduc may well be proud of her team. That a village of Leduc's size can turn out twelve lacrosse players of the high standard of efficiency that it does, is remarkable. The Leduc boys are genuine good sports and can always count on a welcome reception to Edmonton.

The teams lined up as follows:

Edmonton	Goal	Leduc
Leask	Point	Pearson
Manning	Point	Logan
McDermott	1st Defence	Little
Blades	2nd Defence	Sullivan
Footherstone	3rd Defence	Dewar
Elliott	Centre	Thom
Hardy	1st Home	Brady
Twedy	2nd Home	Watkins
Blewitt	3rd Home	Inglis
Blades	Outside home	Jardine
Hardy	Inside home	Morris

J. W. Morris made a very efficient, and fair referee. A. C. Fraser, of the Merchants Bank, and W. B. Ibbotson acted as timekeepers and Messrs. Russell and Stewart as goal umpires.

Notes.

Wet weather.
 Slippery grounds.
 The first goal was seen in Edmonton were used yesterday.

The nets are a great "innovation" and make the umpires' duties easy.

Mr. Morris, the referee, was impartial in every respect. Only one player adorned the fence. He was an Edmonton player and his breakage of the rules was trivial.

The spectators were anxious to know who "Watty" was. It was only a few minutes after the game started until they found out.

Leduc had no field captain and it was readily seen that with proper coaching the game would not have been so one-sided.

Edmonton has the material for a first-class team and with the citizens' support will place lacrosse as a summer game in the same arena as hockey in the winter.

Many of the "rooters" at the game yesterday were players who have been prominent on some of the best teams

in Ontario, and were surprised at the style of "Canada's national" display.

The Edmonton baseball and lacrosse clubs certainly know how to entertain, and the guests are not trying to start their commendation of the good time they had at the banquet.

Two of Edmonton's most prominent business men assured prizes to the players of the winning team.

It is to be regretted that the weather was such that it was impossible for the baseball game between the Port and Edmonton to take place. The teams were in fine fettle. Each determined to win and a fine contest would have been the result.

BIOSCOPIC VIEWS

Robertson hall was filled to overflowing last night when the Bioscopic Company gave their first moving picture entertainment in Edmonton. Clarke's orchestra was in attendance and enlivened proceedings with music to accompany the views. The large audience closely followed the views and cheered or laughed as especially striking or amusing scenes were presented. The entertainment was highly successful and everybody seemed to enjoy it.

Several splendid views were shown of royalty and military tournaments which were strikingly clear and magnificent. But perhaps what was as well received as any were some western scenes, including a harvesting and threshing scene in Manitoba, corraling and branding colts in Southern Alberta and a trip through a portion of the Rockies. The last series of views showed the trip of the Astronauts to the moon which was not only highly amusing but interesting in that the views were obtained from artificial sources which must have been a wonderfully successful piece of work.

Another similar entertainment will be given to-night and will no doubt draw a large crowd.

A Short Talk About Clothing!

In Men's Clothing as well as all other lines of merchandise there are different grades and values. The clothing of twenty years ago cannot be compared with that which is made today, the style, finish and general make up is much better in every respect and prices are more moderate.

The ready-made suit of today is as highly finished as any Tailor can turn out and perhaps better.

But when we say higher we don't mean price. The clothing we handle is the best obtainable in the Canadian market.

We have seven different maker's goods in our stock, but when it comes to the finish and wearing qualities we recommend our "PICCADILLY" suits in every case.

Our Stout Men's Suits should be of interest to every man that is in the stout order.

Mesdames E. T. Jacobs and J. Richards spent several days of the past week with Edmonton friends.

Frank Bosen, recently from Innisfail, has his carpenter shop on Pearce street west about completed.

STRATHCONA

Plainsdealer, Sept. 4th.
This morning the Nebraska express, four prairie schooners and twenty-six head of horses, pulled into Strathcona bearing the families of Messrs. H. West and George Wigel, from the North Platte River, Nebraska. They left home last fall, and after six weeks on the trail spent the winter in Montana, where they left four weeks ago. They will hunt up a permanent location in this district.

Geo. Durrand, of Strathcona, now a student at the Manitoba Medical college in Winnipeg, is distinguishing himself as a marksman at the Dominion Rifle matches at Ottawa, whither he went as a member of the rifle team of the 90th Battalion. In the Barlow match, the first event, Pte. Durrand took second place, being surpassed by Pte. Haystead, of the 53rd regiment, who came within one point of the possible score. In

all the matches Pte. Durrand stands high and is a credit to the Winnipeg team.

The meeting for the purpose of organizing a Poultry, Pet and Stock Association took place on Wednesday evening. Owing to other events taking place in town it was not as large a meeting as desired, and the chairman, Mr. Rutherford, suggested postponing till Tuesday next when it is hoped all that are interested in the welfare of the district will make their appearance. So remember, boys eight o'clock Tuesday night next.

James E. Smith, government road foreman, has received instructions to put the grader on the blind line road east from Strathcona and make a first-class summer road of it. It had been the intention of the government to put the steam ditcher on that road, but the engineer has come to the conclusion that the work can be more cheaply done and quite as effectively with the grader and scrapers. The first work of the ditcher in this vicinity will be the drainage of sloughs south of town.

SUCCESSFUL BANQUET

A ROLICKING TIME IN THE JASPER HOUSE

Edmonton Sports Entertain Leduc and Fort Saskatchewan Friends.

The banquet in the Jasper House last evening tendered to the Fort Saskatchewan baseball team and the Leduc lacrosse team by the Edmonton teams was exceedingly successful. A. C. Fraser, manager of the Merchants Bank, Edmonton, acted as chairman. The best of goodfellowship prevailed and everything went merrily.

The banquet was served in elegant style and reflected very high credit on the proprietors of the house. After supper was over the glasses were filled, cigars were passed around and the jollity proceeded. Mr. Sullivan, of lacrosse fame, was first called on and gave a creditable speech. He dwelt on the Fort team's appreciation of the banquet, and said that they were disappointed in not getting a baseball match as they desired a game. However, no ill feeling existed and he again assured the chairman of the appreciation of the Fort Saskatchewan baseball team. Mr. Hunter, editor of the Reporter, spoke of baseball at the Fort. He was glad to have his name connected with the Fort's baseball team. In concluding he further expressed his appreciation of the banquet. Blaise Bros., Leduc, gave an excellent song and they were forced to respond to repeated encores. Mr. Frank Walker, of the Fort, gave a very interesting speech, making reference to baseball at the Fort in the early days. The toast to the Leduc lacrosse club was responded to by Messrs McDermott, Morris and Manning, in very interesting speeches. Mr. McDermott complimented the Edmonton lacrosse club, referring to them as the champions of Northern Alberta and the coming champions of the west. A Leduc man proposed a toast to the Edmonton lacrosse club coupled with the name of Harvey Pearson. Mr. Pearson dwelt at length on "the situation," the difference existing between the trades and Labor Council and the lacrosse team. Harry Leggett and Stewart Milne then rendered an exceedingly fine song which was loudly applauded.

A Fort Saskatchewan baseball man proposed a toast to the Edmonton baseball team, coupled with the names of Ingle and Tilt. Both gentlemen regretted that the baseball match failed to materialize, and talked over the conditions which prevented the game. They also dwelt at length on the misunderstanding existing yesterday. Harry Atkinson, the catcher of the Fort baseball team, was anxious that the game could not have been properly played out, considering the rain and the condition of the grounds. The toast to the press was responded to by W. H. Hunter for the Fort Saskatchewan Reporter, and Jas. A. McKinnon for the Edmonton Bulletin. The toast to the ladies, coupled with the names of Mr. McLeod, Fort Saskatchewan; Mr. Morris, Leduc; and Mr. Brady, Edmonton. All three gentlemen referred in fitting terms to the ladies and the toast was drunk amid great enthusiasm. Mr. Brady spoke at some length on Chas. McDonald's field captaincy of the Madoc, Ontario, lacrosse club, when they carried everything before them in Western Canada. He spoke strongly in favor of instituting a lacrosse league, composed of Wetaskiwin, Leduc, Strathcona, Fort Saskatchewan and Edmonton. He further recommended that Edmonton and Strathcona play a series of three games this fall to settle all doubt as to which is the better team. Chas. McDonald was then called on for a speech, and his remarks were received with great interest. He explained "the situation" from first to last and in doing so was cheered to the echo. He also thought that the lacrosse league, referred to by Mr. Brady, would be a very good idea. The toast to Our Host was received with cheers, and was ably responded to by Mr. Lenny Goodridge. Mr. Fraser made an excellent chairman and the toast to the chairman was drunk with great enthusiasm. The banquet broke up with three rousing cheers for the Leduc lacrosse club and the Fort Saskatchewan baseball club.

—The Ponoka Herald, with its last issue entered on its fourth year of publication. In an article in the last number the editor traces the history of its growth from a small, four-column sheet to its present size. The Herald is a bright, newsy cheering paper and has done and continues to do a great deal for Ponoka and district. The abiding faith Mr. Rhian, the editor, has in Western Canada reveals itself in every line he writes. May the Herald long continue to enjoy its present measure of prosperity!

—Advocate—Capt. Hillhouse, of the Red Deer baseball club, has this final word to say: "Should any club north of Red Deer desire to contest for the Rayner cup or should any club in Alberta dispute their right to the title 'Champions of Alberta' please notify Mr. W. E. Bortell, Manager, Red Deer, on or before the 15th of September, and arrangements will be made to accommodate all comers as
